

Handout 3: Stage Directions for The Quest for the Magic Potion**The Quest for the Magic Potion
Scene 1**

The WIZARD enters the stage.

He is tired after a long journey across the river. He sees a magical castle in the distance. He knows that in the castle, he will meet the King and Queen who have been guarding the Magic Potion for many, many generations. He is seeking permission from the King and Queen to bring back some of the Magic Potion for his village that has been cursed with a terrible plague.

Little did the WIZARD know that before he could reach the castle, he will be greeted by two mischievous ELVES. The ELVES dwell in an enchanted forest that surrounds the castle. They are not evil or malicious; they are only playful. They wait upon any visitors to the magical castle to play tricks and pranks on them.

The ELVES see the WIZARD approaching the magical castle and hide behind the boulders waiting to pounce on him.
