

## Paper Dragon

Learn to make your own paper dragon inspired by the heroic tale of Hailibu the hunter!

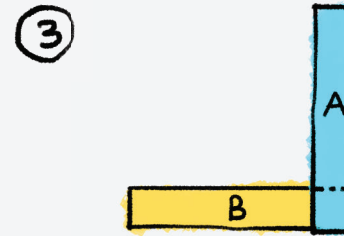

**What you need:** A printer, a pair of scissors, glue

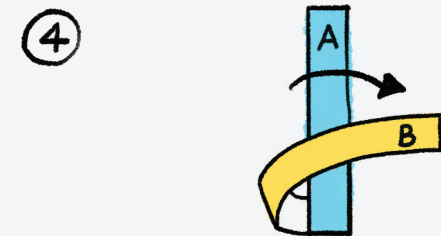

Print the template and cut out its different parts. Feel free to colour them.

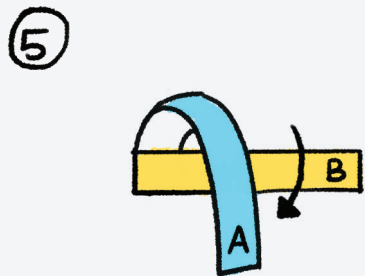

Apply glue on the underside of paper strip A and fold along its dotted lines. Make sure the dragon scales face up. Repeat the step for paper strip B, C and D to create 4 sets of scales.

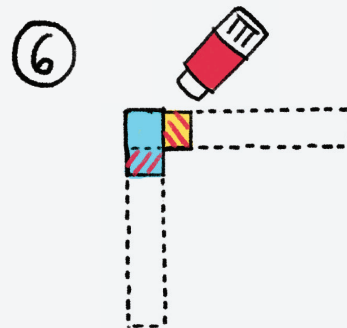

Stick the ends of paper strips A and B together to form an Lshape.

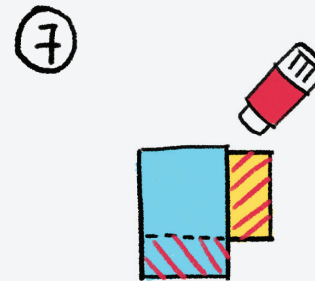

Fold paper strip B over paper strip A.

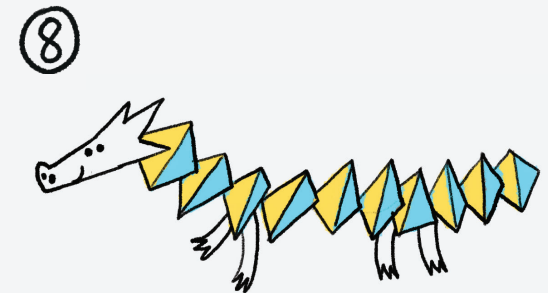

Fold paper strip A over paper strip B. Repeat steps 4 and 5 until you reach the ends of the paper strips.

Using glue, attach paper strip C at the end of paper strip A, and paper strip D at the end of paper strip B.

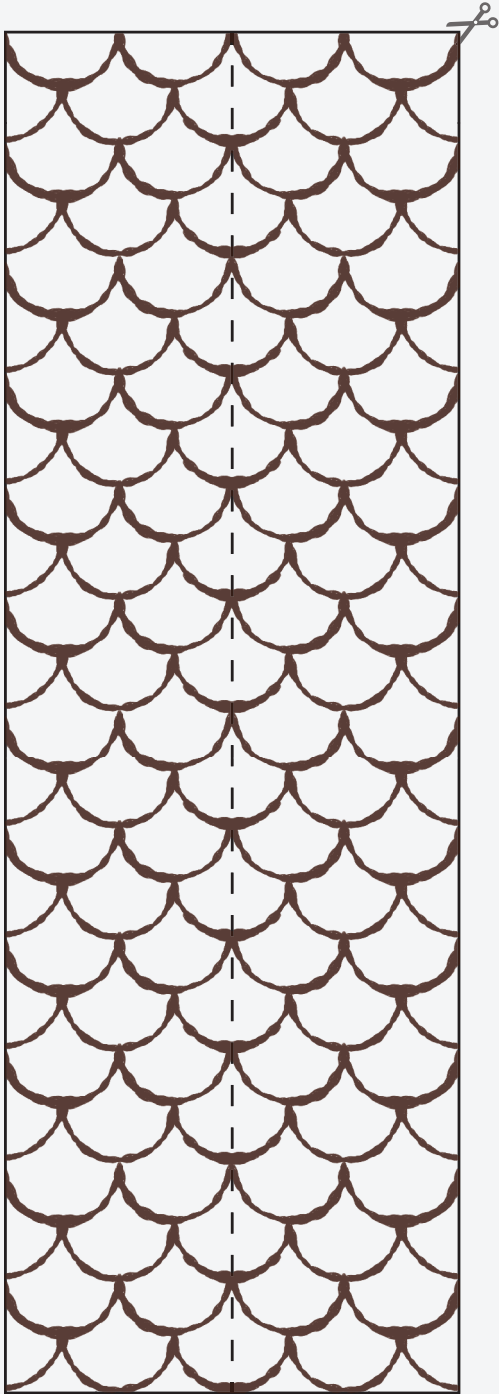

Repeat steps 4 and 5 for paper strips C and D. Fold and glue the ends of paper strips C and D.

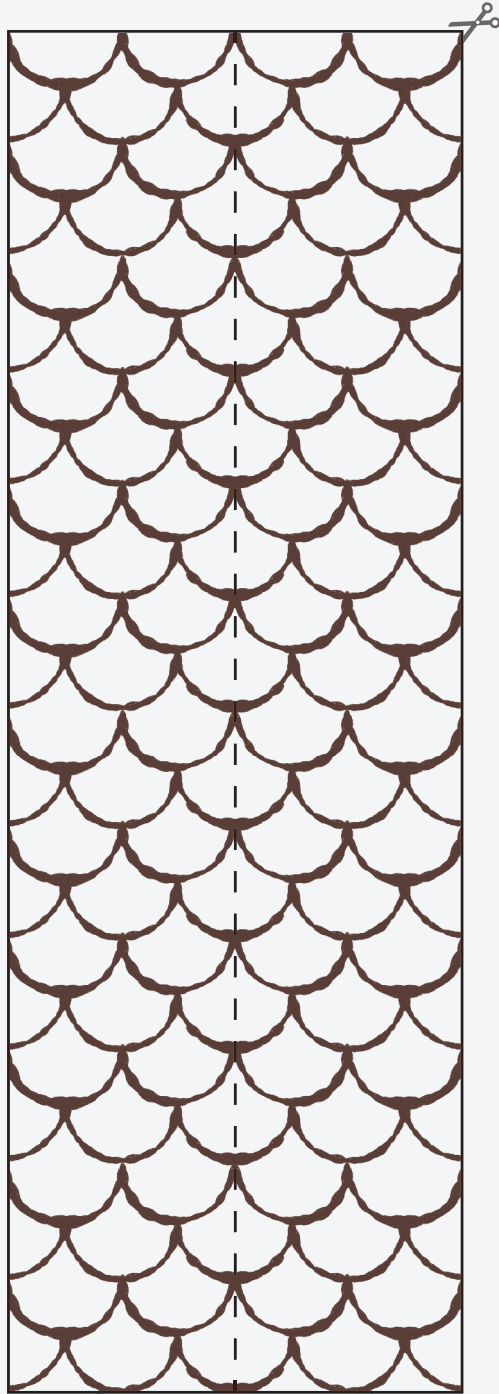

Gently pull out the accordion folds of paper strips A, B, C and D to form the dragon's body. Stick on the rest of the dragon's body parts.
